Anchors for the Soul - Meets in The Well

This video series, led by Dr. John Mark Hicks, is designed to teach us how to hold onto faith and trust in God even during times of chaos and suffering. The truth of God's love and faithfulness are anchors for the soul. Participants will learn about these anchors, and also hear and share stories of personal suffering.

West Coast Girls' Conference 2022

This year's theme is based on Ephesians 3:14-21, in which the apostle Paul prays for the Christians in Ephesus to be strengthened in the Spirit, to truly know the love of Christ, and to be filled with the fullness of God. And he gives glory “to him who is able to do immeasurably more than all we ask or imagine.” I don’t know about you, but that is a prayer I feel like I desperately need in my life. Especially after the events of these past few years, I would love to be filled with the fullness of God and to experience what it would be like to live out of that fullness—to live a life that is immeasurably more than anything I can imagine. That is the kind of life God desires for all of us—not an average, normal, complacent life, but a life of immeasurably more. Our conference this year will explore this passage more, with the goal of helping us all have a deeper relationship with Christ, a richer prayer life, and specific ways to help us live out of that fullness in our decisions, our relationships, and our daily lives. I hope you will join us on Saturday, February 26th for this one-day event.

Restoration Initiative 2022

The Office of Church Relations at Pepperdine University has invited some of the leaders from Tri-Valley to participate in a ministry cohort called The Restoration Initiative: Thriving Congregations. Throughout the coming year, our leaders will attend training sessions along with other Bay Area churches that will equip our congregations for spiritual health and growth. Please pray for and encourage your Tri-Valley leaders as they discern God’s will for our congregation and lead us in faithfully following Jesus.
