The Restoration Initiative

Tri-Valley has been invited to participate in a ministry cohort (called The Restoration Initiative: Thriving Congregations) designed to help equip our congregation for spiritual health and growth.

Some of our Tri-Valley leaders would like to begin gathering info from Tri-Valley folks about your positive church experiences and things that contribute to making churches thrive. So start thinking about the following questions and don't be surprised if someone says, "Hey, I'd like to set up a time to ask you some questions..."

Describe the most exceptional church related experience that you've ever been a part of.

What is the core "life giving" factor of a thriving church?

What talents or skills do you bring to building a high-quality thriving church?
